

ELEVATING QUALITY AND SERVICE FOR NATIONAL UNIFORM PROGRAM

Client: A globally recognized convenience retailer with thousands of locations nationwide

Objective: The client sought a new partner to manage their national uniform program. They were looking for higher quality apparel, reduced cost through improved sourcing and better service.

Solution: Leveraging our **global sourcing expertise**, we identified opportunities to produce **higher-quality uniforms at a lower cost**. Our approach included:

- **Strategic sourcing** to reduce costs while maintaining superior fabric and construction standards
- **Comprehensive program management**, ensuring seamless ordering and fulfillment across all locations
- **Enhanced customer service**, providing a more responsive and efficient experience for store managers and employees

By optimizing cost, quality, and service, we provided a superior uniform program that supports thousands of retail locations nationwide. Our streamlined approach has not only saved the client money but has also enhanced the employee experience with better-fitting, longer-lasting uniforms.

RESULTS

Our client now benefits from **higher-quality uniforms at a lower price**, improving both employee satisfaction and brand presentation

Service levels have **significantly improved**, leading to better support and fewer operational challenges

As we enter our **second year of partnership**, the client continues to express satisfaction with both the product and service, reinforcing long-term program success

**Looking for a uniform solution that delivers on quality, cost, and service?
